c. Licensee acknowledges Licensor's rights and benefits afforded under U.S. copyright law and all international copyright conventions in all Software as restricted, unpublished works. c. Under no circumstances may Licensee decompile, reverse engineer, or disassemble the Software.

**9. PROPRIETARY LEGENDS** Licensee shall reproduce and include in all authorized (backup) copies of the Software and Documentation all proprietary notices or legends of Licensor including, without limitation, all such notices or legends referring to Licensor's reservation or assertion of rights under U.S. copyright laws and international copyright conventions as they now appear, or as Licensor may in the future furnish to Licensee, on the Software and on the media and packaging containing the Software.

**12. RIGHT OF ENTRY AND INSPECTION** Licensor may enter the premises of Licensee, on 24 hours' notice, during regular business hours and in the least disruptive manner possible, for the purpose of inspecting the placement and use of the Software and the standard procedures of Licensee regarding retention, safekeeping, and disposal of all media and materials pertaining thereto. At that time, Licensor may question employees of Licensee in proximity to the Software about Licensee's compliance with the procedures required in the Agreement.
